

## Moon Three LED

**Moon Three LED - A range of recessed LED luminaires that provide indirect lighting to enhance the environment with no loss of light quality and efficiency. The Moon Three model is very similar to the Moon One range but with some added benefits. These highly efficient fixtures are manufactured using high quality LED modules and branded drivers for excellent reliability. They are suitable for all retail and commercial applications where aesthetics, design and functionality are essential.**

- Basket is sealed compared to traditional Moon One which has an open basket.
- 5 year warranty as standard
- Direct cover specially manufactured for LED for soft illumination. Achieves 92lm per circuit watt.
- Mounting kits for plasterboard available upon request
- Emergency versions available upon request.
- Standard model not suitable for dimming but dimmable versions are available upon request.
- Supplied fitted with European branded driver
